OBJECTIVES

Highly experienced and skilled AC and Refrigerator Technician with 8+ years of hands-on expertise in installation, maintenance, and repair of cooling systems. Proven track record of delivering efficient and reliable solutions in fast-paced industrial settings. Holding a D.A.E in Electrical, I possess a strong foundation in electrical principles and applications. Seeking a challenging role in a dynamic organization where my technical proficiency and problem-solving skills can contribute to optimizing equipment performance, enhancing productivity, and ensuring seamless operations.
